

Philly Cupcake Menu

Full Service Bakery

Philly Cupcake uses the best ingredients available, and we never compromise on taste or quality. We only use real butter. We bake in small batches. Our buttercream frosting is a Swiss meringue which is sweet, fluffy and carries flavor well. We have perfected our cupcake/cake decorating allowing each flavor to have a refined and distinguishable appearance. We believe impressive presentation is essential. Therefore, we have professional decorators who can customize any of our products to make them unique to your needs.

Wholesale and catering is available for any size event. The prices below represent our retail pricing.
